I'm the first person in my family to go to college	I want to go to a four-year university	I'm concurrently enrolled in college right now	I've already taken the ACT/SAT exam	I want to get a degree in education
I've already applied for a few grants and scholarships	My family is involved in my college planning process	I want to go to a school that's close to home	I want to attend a two-year school	I know what the FAFSA is
My brother or sister is currently in college	I want to join a campus club	 <b>Free Space</b>	I've developed a career plan	I've attended at least one college campus tour
I want to live on campus	I'll work at least part-time when I attend college	I've researched entrance requirements for school	I want to attend school far away from home	I've attended a local college fair
My friends and I plan to attend the same school	I want to attend a proprietary or trade school	I need to live off campus	I'd like to play college sports	Someone I know graduated from the college I plan to attend
